An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with David Rose on October 30, 2007.

The application has been amended as follows:

Claim 15 is amended as follows:

15. The non-destructive optical imaging system of claim [15] 14 further comprising a means for deblurring the single combined image.

It is noted by the examiner that, since the amendment makes no change to the scope of the invention, and only corrects a minor error, the claims are still allowed for the reasons set forth in the Office action mailed August 24, 2007.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael A. Lyons whose telephone number is 571-272-2420. The examiner can normally be reached on Monday through Friday.
